Bombay Ammonia Refrigeration Company

<https://www.bombayammoniarefrigeration.com/>

Bombay Ammonia Refrigeration Company in the field of Design, Assembly, Supply, Installation, Commissioning of Refrigeration Systems and Turnkey Project Execution of Multipurpose Cold Storage Facility and Cold Chain Solutions”.

About Us

Bombay Ammonia Refrigeration Company are proud of there history, we are serving the industry for the **1994**, we are prominent players in the manufacturer, exporter and service provider of Refrigeration Plants and Equipment. Our comprehensive range includes Food Cold Storage Plants, Industrial Refrigeration Plants, Evaporative Condensers and Fruit Ripening Chambers. These products are manufactured using superior quality raw material and latest technology machines at our sophisticated production unit. The cold storage plants offered by us are spacious and are known for low power consumption, easy installation maintenance and longer service life. We export our products all over the world.

Our company has gained an edge over our market competitors because of our stable state-of-the-art infrastructural base that is constructed over a large area of land. Moving forward, we have divided our infrastructural base into various sub departments like sales marketing, quality testing, manufacturing, etc. Our professionals working with us possess excellent experience and expertise in their respective field of work in close-coordination with the latest technology that meet the emerging requirements of our clients. To store all the panels and accessories in a systematic and safe manner, we have established a spacious and commodious warehousing unit. Owing to our ability to meet bulk orders and wide distribution network, we have been able to garner a huge...
